

A Suit that Stays Shapely

Did you know that the permanence of the good appearance of a Suit depends upon the honesty with which the hidden parts are made? Manufacturers tell us we are too particular as to the canvas used, the interlinings of the collars and reverses and the stitchings. But they have to come up to our requirements or we don't keep them. If for no other reasons, this store should receive your first consideration when looking for a Suit. But there are other reasons—the makers of a great many of our garments have fashion bureaus in Paris and artists constantly designing new models; so you are positively sure of getting the very newest ideas; many of them several months in advance of other manufacturers. As for the price—well, when we tell you we have had customers from as far north as Burlington and as far south as Claremont, the prices must be right—we know they are.

Special Values now at \$15.00, \$18.00 and \$20.00.

ARE YOU AFTER THE BEST OYSTERS?

Perhaps it has never occurred to you that there is any great difference in Oysters. But there is, and briefly here's the difference: There's one kind that is half ice water, the oysters—what few you actually get—are white, flabby, flat-tasted, bloated with soaking in water, and generally questionable. We don't sell that kind. There's another kind that is solid meats—no ice water. That are contained in only the natural oyster liquor, dark colored, as they should be; firm and full, rich flavored. We do sell this kind, and at 45c a quart. Which kind do you prefer? If you like our kind, we'll be glad to attend to your wants.

HOW **Ralston** SHOES ARE MADE

Not only are the best of leathers used in the manufacture of RALSTON SHOES, but also only the choicest parts of the skin are used as you will see in the above diagram. After being cut, the parts are "fitted" and finally lasted over the famous Ralston lasts—the only lasts which provide for sole fit as well as upper fit. RALSTON SHOES besides being made of the finest materials, fit perfectly, and because there is no strain on any part, they hold their shape longer, and wear better than any other similar priced shoe we know. Let us show you our fine variety of Fall styles.
